motivation. His book, Think and Grow Rich, is the all time best-seller in the field. Perhaps no other success book has influenced more people than Napoleon Hill’s Classic Think and Grow Rich. Since it’s introduction in 1937, millions of copies have been sold around the world. It still remains one of the top selling books of its kind.

Ever wondered how life would be if we could condition our minds to Think and Grow Rich? Author Napoleon Hill claims to have based this book on twenty years of rigorous research on the lives of those who had amassed great wealth and made a fortune. Observing their habits, their ways of working and the principles they followed, Hill put together laws and philosophies that can be practiced in everyday life to achieve all-round success. The narrative is rich with stories and anecdotes, which not only inspire, but also show a way forward to take action. After all, riches are not just material, but also pertaining to the mind, body and spirit. Having sold more than fifteen million copies across the world, this book remains the most read self-improvement book of all times!

Think and Grow Rich - Over 80 Million Copies Sold This edition of Napoleon Hill's Classic Think and Grow Rich is a reproduction of Napoleon Hill's personal copy of the first edition, the ONLY original version recommended by The Napoleon Hill Foundation, originally printed in March of 1937. The most famous of all teachers of success spent "a fortune and the better part of a lifetime of effort" to produce the "Law of Success" philosophy that forms the basis of his books and that is so powerfully summarized and explained for the general public in this book. In Think and Grow Rich, Hill draws on stories of Andrew Carnegie, Thomas Edison, Henry Ford, and other millionaires of his generation to illustrate his principles. This book will teach you the secrets that could bring you a fortune. It will show you not only what to do but how to do it. Once you learn and apply the simple, basic techniques revealed here, you will have mastered the secret of true and lasting success. Money and material things are essential for freedom of body and mind, but there are some who will feel that the greatest of all riches can be evaluated only in terms of lasting friendships, loving family relationships, understanding between business associates, and introspective harmony which brings one true peace of mind! All who read, understand, and apply this philosophy will be better prepared to attract and enjoy these spiritual values. BE PREPARED! When you expose yourself to the influence of this philosophy, you may experience a CHANGED LIFE which can help you negotiate your way through life with harmony and understanding and prepare you for the accumulation of abundant material riches.

Women are the future of American business. According to a recent Nielsen report, women will control two-thirds of American consumer wealth in less than a decade. And yet almost all business and success literature is still written for men—dispensing advice that doesn’t take into account women’s unique strengths or address the demands of family life on mothers. Think and Grow Rich for Women is a powerful new book—from the award-winning author of Think and Grow Rich: Three Feet from Gold and coauthor of the multimillion-selling Rich Dad, Poor Dad. It combines Hill’s classic Thirteen Steps to Success with case studies of noteworthy women (including Sandra Day O’Connor, Maya Angelou, Katie Couric, Caroline Kennedy, Madonna, Oprah Winfrey, Margaret Thatcher, Condoleezza Rice, J. K. Rowling, Barbara De Angelis, Marianne Williamson, Angela Merkel, Mary Kay Ash, IBM CEO Ginni Rometty, and many more), outlining a master plan for success for all women.

The greatest motivational book of all time! Napoleon Hill's thirteen step programme will set you on the path to wealth and success. Think and Grow Rich reveals the money-making secrets of hundreds of America's most affluent people. By thinking like them, you can become like them. This powerful 1937 classic, with analysis from self-development authority Tom Butler-Bowdon, will continue to be read through the decades of economic boom and bust, proving that the magic formula for making money never changes.

This book provides a synopsis of the original 1937 text of Hill's masterpiece, Think and Grow Rich. It extracts the key principles, instructions, and examples so that the modern professional, regardless of how busy he or she is, can benefit from the timeless wisdom found in Hill's book. To receive the greatest possible benefit from its wisdom, read no more than one chapter per day, allowing the space and time to fully digest its insights and to enable your imaginative faculties to act on the thought impulses generated thereby. You will also undoubtedly find your progress magnified by working through this content in the setting of a book club or study group, wherein the mastermind principle can be applied to reach higher-level orders of thinking. Regardless of your approach, when you commit yourself to practicing the steps outlined in this book, you will surely open yourself up to great personal growth and momentum toward achieving your dreams. "Anything the mind can conceive and believe, it can achieve." Within this one line is distilled a success formula so simple that anyone can apply it--and yet so demanding that only a minority of the population ever fully lives it out. Upon it was built a success philosophy that explains how human desires can be translated into material reality, a framework that rests upon the power of thoughts to seek expression in physical form. Through this singular concept, the world's wealthiest and most successful individuals--rich in money, relationships, power, peace of mind, and social standing--have built and maintained their prosperity. It is the foundational principle of Napoleon Hill's Science of Success program, an achievement philosophy that effectively helped end the Great Depression and that has since made more millionaires, cultural icons, and thought leaders than any other. Hill was born in 1883 in a one-room cabin on the Pound River in Wise County, Virginia. He began his writing career at age thirteen as a mountain reporter for small-town newspapers. In 1908, as a young special investigator for a nationally known business magazine, he was sent to interview the great steel magnate Andrew Carnegie. During that interview, Carnegie shared the secrets that had enabled him to acquire hundreds of millions of dollars--a magic law of the human mind, a little-known psychological principle that was amazing in its power. Believing that this magic formula should be shared with those who did not have the time or resources to discover it on their own, Carnegie tasked Hill with spending twenty years or more developing this principle into a philosophy of personal success. This research would be conducted without pay; Carnegie merely provided Hill with access to over five hundred of America's greatest business leaders in order to test his success formula. In 1937, after twenty-nine years of research and writing, Hill published Think and Grow Rich, which contains the thirteen success principles that form the core of the Science of Success. Since its release, it has sold over one hundred million copies worldwide. No literary work in the personal development genre has had a greater creative impact than Think and Grow Rich.
